TOAST TO LOVE IN COPENHAGEN

A wedding is a gathering of stories, seasons, and the people who matter most.

At 1 Hotel Copenhagen, each celebration is shaped with intention—personal, thoughtful, and quietly beautiful, rooted in nature and guided by the space you choose.

Begin with a welcome drink and a selection of refined canapés, setting the tone for a relaxed yet elegant occasion. The evening unfolds within the PÆRE Dining Room, where a menu inspired by Coastal Italian cuisine celebrates fresh, seasonal ingredients. Designed for sharing, dishes arrive in gentle waves, encouraging connection and a natural rhythm around the table.

As the celebration continues, PÆRE Cocktail Bar offers a seamless transition into a more spirited setting. Here, sound, light, and conversation flow effortlessly, with thoughtfully crafted cocktails and small bites creating an atmosphere that is both lively and intimate. Unfussy and convivial, it's a space designed for lingering, where music, drinks, and easy company carry the evening forward without formality.

Whether you envision an intimate dinner, a lively reception, or a celebration that moves fluidly between spaces, each moment is shaped with ease, bringing people together in a way that feels genuine and full of life.

Drinks and menus can be tailored to your wishes, allowing the celebration to feel entirely your own.
