SOLICE IV THERAPY

menu

Available 8am - 8pm | 7 days a week

All appointments are performed via SOLICE Health and include a nurse visit to a hotel and telephone consultation with a doctor.

Under the Weather

420

A high dose of vitamin C, magnesium and, as required, anti-inflammatory, analgesic, and anti-sickness medications. Ideal for those recovering from surgery, flu, covid or gastroenteritis, this drip speeds up recovery and boosts energy levels.

Beauty Tonic

490

This IV infusion contains a high dose of glutathione, a free-radical antioxidant that clears the complexion and, in high doses, allows melanin washout, encouraging a brighter skin tone. Biotin strengthens hair and nails, and a powerful blend of vitamins, amino acids and minerals improves follicular vigour and strength.

The Vitamin Drip

350

This premium IV drip is the perfect blend of essential micronutrient vitamins and minerals to keep nerve and blood cells healthy while banishing lethargy and low mood.

Deluxe Recovery

420

B and C vitamins, a boost of B12 and, as required, anti-inflammatory, analgesic, and anti-sickness medications speed up recovery from excess alcohol consumption. This hydrating IV drip eliminates headaches, reduces inflammation, eliminates nausea, and replenishes the body.

Jet Lag Reset

420

This effective combination of prescription-only anti-inflammatory and analgesic drugs, electrolytes, B vitamins and an amino acid infusion of taurine and glutamine is designed to beat post-travel tiredness, reset the sleep-wake cycle, and reduce inflammation.

Myers Cocktail

420

The famous mixture of vitamins and minerals, including magnesium, calcium, B-vitamins, B-complex and vitamin C, is delivered intravenously and helps to reduce fatigue, enhance the immune system, and combat seasonal allergies.

SOLICE IV THERAPY

menu

The Olympian

490

The Olympian IV Drip is a great way to achieve a little more from your workout routine, enhancing recovery time and reducing muscle soreness. Designed for the sportsman or woman pre or post-workout and as part of a workout programme, this drip contains powerful antioxidants which reduce inflammation and oxidative stress, increasing blood flow to the muscles, enabling lactate washout and thus reducing delayed onset muscle soreness (DOMS).

Limitless

840

The Limitless IV Drip is a package IV. It includes any drip from our menu or a bespoke infusion of up to 6 ingredients plus an NAD+ infusion of 500mg; this refreshing infusion features high-dose Vitamin C, a key ingredient crucial for collagen and elastin production. It also includes a mega dose of Glutathione, a free radical antioxidant which clears your complexion and assists your liver in detoxifying your body.

Skin Brightening

420

Evening and brightening skin tone from within; this group contains antioxidants and well as amino acids to boost the immune system and support collagen.

Mood Booster

490

A drip to improve mood explicitly reduces anxiety, improves sleep, stabilises mood, increases energy, and supports brain function.

Hair Nourishment

420

This is a powerful IV nutritional supplement that has been formulated to assist those with brittle nails and hair issues, including hair loss, brittleness, and thinning. Discover our Hair Nourishment IV Drip, a transformative solution for enhancing hair vitality. Enriched with Biotin, it fuels hair growth by fortifying scalp oxygenation and nutrient delivery through red blood cells. Vitamin C acts as a robust defence against damage, warding off oxidative stress to ensure hair resilience against breakage. Moreover, it fosters collagen synthesis and optimal iron absorption, contributing to stronger hair structure.

Immunity Booster

420

Created with an immunity-boosting blend of selenium, zinc, B vitamins, and vitamin C, this IV drip contains essential nutrients that encourage optimal immune system performance.
