Consuming raw or undercooked meats, poultry, seafood, shellfish, mollusk, or eggs may increase your risk of serious foodborne illnesses, especially if you have certain medical conditions.

Please let us know if you have any food allergies and require menu information or other assistance. We will certainly do our best to accommodate your needs.

If you have chronic illness of the liver, stomach, or blood or have immune disorders, you are at greater risk of serious illness from raw oysters, and should eat oysters fully cooked.
